For all your automotive service needs from Hot Rods to Hondas, Mini Vans to Muscle Cars...

## CAR FAQ'S

What's New At  
MVP?

### IN THIS ISSUE:

- **AMSOIL Facts**
- **How much time & money could you save each year just by switching to AMSOIL?**
- **Maintenance Specials**

### MVP is now an AMSOIL Distributor!

Why did we decide to become an AMSOIL distributor and recommend it to you? AMSOIL Synthetic motor oil, synthetic lubricant, gear lubes & filters outperform conventional & all other brand synthetic oils.

- ✓ **AMSOIL SYNTHETIC OIL LUBRICANT EXTEND OIL LIFE** - AMSOIL Synthetic Lubricants have superior heat and oxidation resistance to control sludge deposits and extend oil life. Engines stay clean for maximum protection and oil changes are reduced, saving time and money.
- ✓ **AMSOIL Synthetic Motor Oil PROTECTS HOT ENGINES** - Its superior viscosity stability provides unsurpassed bearing protection for dependable engine operation, especially during hot operating conditions.
- ✓ **MAXIMIZES FUEL ECONOMY, REDUCES OIL CONSUMPTION AND EMISSIONS** - AMSOIL Synthetic Motor Oil resists high temperature volatilization (evaporation) better than other motor oils. AMSOIL Synthetic Motor Oil maintains peak fuel efficiency and reduces oil consumption and emissions.
- ✓ **IMPROVES COLD TEMPERATURE STARTUP** - Unlike conventional oils that solidify in cold temperatures, AMSOIL 10W-30 Synthetic Motor oil remains fluid down to -58° F. AMSOIL Synthetic Motor Oil helps engines turn over easier and flows quickly to engine parts for critical start-up protection. Engines start faster and wear is greatly reduced for extended engine life. **Using AMSOIL will save enough per year in fuel savings to pay for all your vehicles lubrication needs.**
- ✓ **CONTROLS ACID FORMATION** - The high TBN of AMSOIL Synthetic Motor Oil allows it to effectively combat wear-causing contaminants and acids, providing superior protection and performance over extended drain intervals.
- ✓ **AMSOIL Synthetic Motor Oil HELPS ENGINES START EASIER** - The low cold crank viscosity of AMSOIL Synthetic Motor Oil reduces drag on moving engine parts and allows engines to achieve critical cranking speed in extremely frigid temperatures. Engines turn over quickly and dependably in the coldest winter temperatures.
- ✓ **PROTECTS AGAINST WEAR** - Tests show that AMSOIL Synthetic Motor Oil has better antiwear performance than all other oils tested. With AMSOIL Synthetic Motor Oil, engine life can be extended and major repairs are often reduced.

Ask us about our other AMSOIL products such as: gear lubes, automatic transmission fluids, and fuel additives. All are designed for extended drain intervals and/or better fuel mileage.

# What's the savings to you to switch to AMSOIL?

## Conventional Oil:

### High Mileage:

**8 oil changes per year** (includes 5 quarts of quality conventional oil and a quality oil filter): \$35.00 per oil change. **Yearly cost: \$280.00**

### Low Mileage:

**4 oil changes per year** (includes 5 quarts of quality conventional oil and a quality oil filter): \$35.00 per oil change. **Yearly cost: \$140.00**

## AMSOIL:

**1 oil change per year** (includes 5 quarts of superior AMSOIL synthetic oil and a superior oil filter): \$92.50 per oil change. **Yearly cost: \$92.50**

## AMSOIL Savings:

High Mileage Savings: \$187.50

Low Mileage Savings: \$ 47.50

Whether you drive 24,000 or 12,000 miles in an average year, AMSOIL still saves you money, drive and wait time spent having your oil changed and, best of all, AMSOIL protects your vehicle better than conventional oils!

Check out these pictures of a properly maintained engine versus a neglected engine. This is why we recommend regular oil changes!

## About us...

## PREVENTATIVE MAINTENANCE SPECIALS

# MVP AUTOMOTIVE

6236 Main Avenue, #10  
Orangevale, CA 95678

(916) 987-1757

Monday – Friday 8am - 5pm  
Longer Hours on Demand

From Hondas to Hot Rods, Mini Vans to Muscle Cars we work on them all! From engine repairs to rebuilds, we have the experience and equipment to keep your family and classic / muscle car in top condition

With over 27 years of extensive automotive experience, Mike is an ASE Certified Master Technician. His technical training also includes Advanced Performance/Diagnostic Training and Snap-On DSO/Scanner Training.

**We use only name brand and warranted parts.**

**\*Visa & MasterCard Accepted\***  
\*Service You Can Trust\*  
\*Satisfaction Guaranteed\*

### THE BENEFITS OF PREVENTATIVE MAINTENANCE

Our cars are more than just transportation. For most of us they are a long term financial investment that we rely on daily.

Preventative maintenance not only helps save money on gasoline and unexpected costly repairs, it helps ensure the safety of you and your family.

Remember, it's always easier to fit a preventative maintenance appointment into your busy schedule than it is to call a tow truck from the side of the road.

### Tune Up

4 cylinder \$49.95  
6 cylinder \$69.95  
8 cylinder \$89.95

- ✓ 41 point inspection
- ✓ New Spark Plugs \*
- ✓ Check and set idle and timing

\* Platinum Spark Plugs extra

### Cooling System Flush - \$79.95

- ✓ 41 point inspection
- ✓ Add Flush Chemical
- ✓ Run engine for 30 minutes
- ✓ Flush system
- ✓ Add fresh coolant and coolant treatment
- ✓ Check thermostat and fan operation
- ✓ Check system for leaks

### A/C Service - \$49.95

- ✓ Check exposed areas of A/C system for leaks or damage
- ✓ Check A/C controls and vents for proper operation
- ✓ Check compressor and clutch for proper operation
- ✓ Check system pressures
- ✓ Check vent temperatures
- ✓ Recharge system \*  
\* Refrigerant extra

### Minor Service - \$59.95

Change:  
Oil and filter

### Inspect:

- Brakes
- Belts
- Hoses
- Fluid Leaks
- Front Suspension
- Rear Suspension
- Tires
- Shocks
- Exhaust System
- Water Pump \*
- Adjust:
- Timing & Idle \*
- Clutch \*
- Brakes \*
- Service :
- Air Cleaner Box
- Radiator Fluid Level
- Brake Fluid Level
- Clutch Fluid Level
- Rotate Tires
- Set Pressure
- Lube:
- U-Joints
- Doors & Hinges

### Check:

- Lights
- Charging System
- Starting System

**\* Applicable to most model cars.**

**\* Vans, Specialty and Synthetic fluids additional.**
